Resysta[®]
THE BETTER WOOD

AGED TEAK

Naxan® Floor Mat made of Resysta®

A natural fiber compound that is ahead of its time

- Designed by Naxan® and made of Resysta® material.
- Resysta® is extremely durable, consisting mainly of rice husk and other renewable materials as binder.
- Resysta® has the warmth and feel of natural wood but is totally recyclable and ecologically responsible.
- Resysta® is weather and water resistant.
- Resysta® is skid-resistant (ideal for bath areas, pool decks and terraces).
- Resysta® is resistant against fungal and mold decay.
- It is guaranteed not to swell, crack or rot.
- Resysta® will not splinter and is 'barefoot' friendly in all environments.
- Ideal for outdoor and high humidity areas.

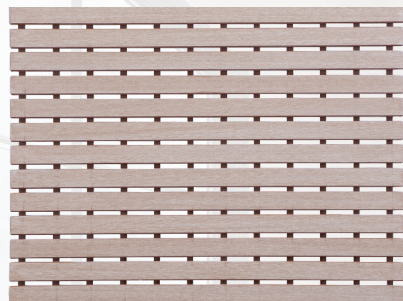

Caution

This mat is specifically designed to provide a comfortable anti-slip surface.

The user is advised to exercise caution as this mat may slide when placed on highly glazed or smooth floorings.
